

Thinking about what is said in the news, in your view is the seriousness of global warming -- [generally exaggerated, generally correct, or is it generally underestimated]?

GALLUP POLL

13. I'm going to read you a list of environmental problems. As I read each one, please tell me if you personally worry about this problem a great deal, a fair amount, only a little, or not at all. First, how much do you personally worry about -- [RANDOM ORDER]?

	Great deal	Fair amount	Only a little	Not at all	No opinion
	%	%	%	%	%
Pollution of drinking water	59	25	11	5	*
Pollution of rivers, lakes, and reservoirs	52	31	13	4	*
Contamination of soil and water by toxic waste	52	28	14	5	*
Maintenance of the nation's supply of fresh water for household needs	49	31	14	5	*
Air pollution	45	31	18	6	*
The loss of tropical rain forests	42	26	21	11	*
Extinction of plant and animal species	37	28	22	12	*
The "greenhouse effect" or global warming/Global warming [^]	34	26	20	20	1
Split-sample experiment[^]					
Form A: The "greenhouse effect" or global warming	35	25	20	19	1
Form B: Global warming	33	27	20	20	1

* Less than 0.5%

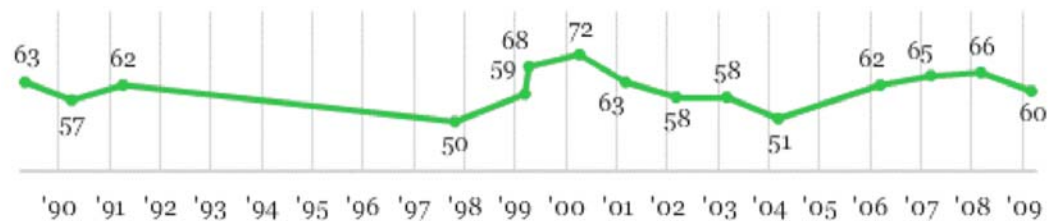

[^]A split-sample experiment was conducted to determine whether including the words "the greenhouse effect" affects responses to concern about global warming. Form A respondents were read the long-term Gallup trend wording, phrased as "the greenhouse effect or global warming." Form B respondents were asked how much they worry about "global warming." The slight differences in responses between the two forms are not statistically significant, and as a result Gallup is reporting the combined result.

Full trends available upon request.
