This unconditional endorsement for the reappointment of Commissioner Rachelle Chong comes from a WWII veteran who served a record 23½ years, four times confirmed, democratic FCC Commissioner and Chairman.

My strongest and best FCC ally was Commissioner Rachelle Chong with her bi-partisan fair minded approach. Rachelle used her legal and regulatory expertise primarily to serve consumer and the public interest. Secondly she was considerate and fair minded to the socially conscious industries that gainfully employed thousands of the public.

California is fortunate that this knowledgeable bi-partisan commissioner is available to continue her dedicated expert service.

Best regards,

Jim Quello
