Eldra Rodriguez-Gillman
CBS News
524 West 57 Street
New York, NY 10019

Dear Ms. Rodriguez-Gillman,

It has come to my attention that Harvey Kellman has interviewed with you for an intern position at CBS News. I am pleased to highly recommend Harvey for this position as his work here at the F.C.C. has proved to be of the highest quality.

Harvey's experience at Katz Communications has given him a familiarity with the broadcasting business and a unique perspective as an attorney in the communications field. He has a solid work ethic as well as excellent writing and communications skills. These qualities are apparent in his work on the many important broadcasting issues that the Commission has recently undertaken.

While we would be sorry to lose him, Harvey could not be going to a finer institution than CBS News. If you have any questions regarding Harvey Kellman please feel free to contact my office.

Sincerely,

James H. Quello
