Friendly "keep in touch"  
note from the possible upcoming  
democratic FCC interim chairman.  
I find we can disagree without  
being disagreeable.

Incidentally, he always pays  
for his own lunch -- apparently  
that absolves him from acting on  
my practical advice for government  
regulation.

Best,  
Jim

Dear Jim:

Thanks for the Michigan State pen. I'll give it a good workout. I haven't seen you in a spell so we need to get together soon. In the meantime, be well.

Warm regards,
