

FEDERAL COMMUNICATIONS COMMISSION

OFFICE OF COMMISSIONER
JAMES H. QUELLO

To Whom It May Concern:

Dan Huber did an outstanding job as my legal intern from June through September 1978 during a very challenging and unusual period in this office. My longtime legal assistant took a three-month leave of absence that summer--this gave Dan an unusual opportunity to act as the legal assistant to this office during that period.

He filled a great void with surprising effectiveness. He thoroughly researched all Commission agenda items. He was bright, quick and exercised excellent judgment. His recommendations were practical and professional. I believe he is an outstanding prospect for a communications law firm.

I'd be pleased to discuss his qualifications personally with any interested party.

Sincerely,

James H. Quello
