Dear Ken:

You are, hereby, officially commended for your outstanding work on the TCAF task force. "I am requesting that this commendation be filed with your permanent service record.

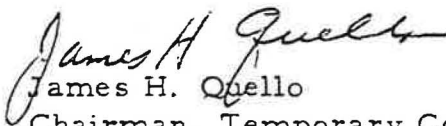

You were drafted into service during the most hectic last two months of our Commission task.

Your superior performance and dedication under pressure was the key factor in our meeting our deadline to Congress with a persuasive, well-edited report.

This is another demonstration of your overall exceptional performance while a member of our staff.

Again, congratulations and best wishes for continued achievement.

Sincerely,
