OFFICE OF COMMISSIONER  
JAMES H. QUELLO

John Kamp  
Federal Communications Commission  
Broadcast Bureau - Room 8315  
Washington, D. C. 20554

Dear John:

I wish to officially commend your exceptional contribution to the success of our TCAF task force and report.

You acted as staff director for this significant project during the formulative trying period of the Commission. Your performance under pressure and a series of critical meetings was well beyond "the normal call of duty."

Using a military term, I would rate your overall performance as superior -- worthy of promotion.

Best wishes for continued achievement in the promising years ahead.

Sincerely,

  
James H. Quello
