OFFICE OF COMMISSIONER
JAMES H. QUELLO

August 31, 1983

Dear Doris and Bill:

Only a longstanding speaking commitment in Tokyo prevents Mary and me from joining your many friends in toasting and cheering your gala celebration. We consider it a privilege to have been included among your close friends for this landmark anniversary and birthday observance.

Doris and Bill, you have our very best wishes for many more happy years together. You are a warm-hearted, attractive couple and we are looking forward to being with you when you observe your 40th. anniversary.

Bill---a happy 60th from an old 69er! You have been a great force for quality, reason and progress in the dynamic communications industry ---and you can still look forward to many more productive years.

We appreciate your leadership, respect your character and cherish your friendship.

Mary and I will drink a little private toast to you and Doris in Tokyo.

Best always,

A handwritten signature in cursive script that reads "James H. Quello".
