President's Meeting: Kiwanis

As new President, I promise you a hard-hitting active administration.

In keeping with the times and with government precedent, I want to cut dues 50%, increase quality of lunch and expenses 60%, I also want to de-stabilize and demean all worthy competitors including the Rotarians and Lions. I'd like to appoint a special administrative committee of two heterosexual anglo-saxons, one catholic, one health fad-dist and a civic activist with an arrested case of herpes -- all very talented.

To maintain order and keep the peace, I'll need two ex marines and two fifths of scotch -- and I'll even volunteer to be one of the ex marines!

Well enough of this serious talk, now let's have some fun-----

Actually, I really mean fun and the inner satisfaction of working together to accomplish a goal --- a goal of serving our community and making Kiwanis bigger and better, etc., etc.
