JAMES H. QUELLO

My dear Jim:

Thank you for your note of October 27, and for the inclusion of a copy of FCC Week.

Jim, in all areas visited in this paper on you, you present a statesmanlike posture on each subject.

My dear friend, since you first joined the Commission we have seen in your every position on every issue eminent thought and sound decision making, contributing so much to the dialogue of the agency during these, its most important years in contributing to the well-being of the American people.

Oftentimes, Jim, I think of where the Commission would have been if you had not been there. You have brought common sense, sound thought in every issue and a wealth of practical experience "to the table"; the result has been the rendering of a genuine public service, and thank the good Lord, you are going to be there with us serving the people of America for years to come.

Jim, Dorothy sends her love and from both of us to the marvelous Mary.

Very respectfully,

Ward L. Quaal
