Dear Andy,

Congratulations on your appointment as Managing Director for the Edelman Global Telemedia Group.

Congratulations are due, too, to Edelman for appointing such a knowledgeable, respected government executive to an important government-public relations post.

In my 21 years at the FCC, I never experienced anyone that ever enjoyed having the entire Senate and House Communications Committees pleading with him to stay. The same is true for the majority of FCC Commissioners and especially me.

I'll miss you and your strong leadership in the complex implementation of the Telecom Bill.

Best of luck to you dear friend. We all look forward to seeing you soon. I'll call you for lunch (on me).

Best,

James H. Quello
Commissioner
