Concurring Statement of Commissioner James H. Quello
In Re: Limitations on State-Local Franchise Fees

I dissented to the Commission's declaratory ruling relative to limitations on state-local franchise fees, adopted June 24, 1976. 59 FCC 2nd 1344, 1354. I continue to be of the view expressed in that dissent with respect to the overall matter. However, recognizing the adoption of a Commission policy declaration, I must concur with the reasoning expressed in this subsequent declaratory ruling.
