**Commissioner James H. Quello**

**Re: Chairman Hundt's Announcement**

**May 27, 1997**

**Chairman Hundt and I had marked differences in regulatory approach.**

**However, the Chairman was a tireless dedicated worker, brilliant in understanding the complexities of the computer and other highly technical industries, a most formidable litigator in debating his viewpoints before the FCC and against adversaries, and an effective public speaker and FCC spokesman.**

**In the overall count of Commission items, we agreed substantially more than we disagreed.**
